

EAST IN THE GRIP OF WINTER'S FIRST BLIZZARD

Wires Down and Train Service Is Demoralized In Three States

Goldfield Freight Conductor Shoots Gunman Who Will Die

Clarence Bell, better known as "Tex," a cowboy and would-be bad man, who has been terrorizing Goldfield, is dying in the hospital as the result of forcing a fight on a peaceful railroad employee who visited the

Palace dance hall in that town late Saturday night.

The railroad man is Cunningham, a freight conductor on the T. & G. railroad, who was taking in the lower end of town. Cunningham is known

as an inoffensive fellow who has never been in trouble. He called at the dance hall about 2 o'clock Sunday morning and remained there some time. In the course of his stay he danced with one of the girls, whose attentions roused the anger of "Tex," who approached Cunningham and picked a quarrel with him on some trivial pretext. Cunningham received the worst of the encounter, but even then he expressed a willingness to leave, as he remarked, "I better get out of this place or I will be killed."

This remark aroused Tex, who drew a gun and came at Cunningham a second time, knocking him down in front of the dance hall. Then Cunningham is alleged to have drawn a gun in self-defense and began firing at his assailant. Every bullet took effect and the firing did not cease until the contents of the weapon were emptied into the abdomen of Tex. The latter was removed to the hospital, where the doctors say he cannot recover.

"Tex" was a notorious gunman and only recently is said to have chased Paddy McDermott, a deputy sheriff, out of the Palace hall at the point of a revolver. Physicians say there is no chance for his recovery.

MISSES GOAL BY FOUR INCHES AND LOSES GAME TO GOLDFIELD

Tonopah was defeated Saturday afternoon by a score of 9 to 0. The score, instead of showing the relative strength of the two teams, merely serves the purpose of showing the uncertainty of the game.

From the kick-off Tonopah carried the ball to within 10 yards of Goldfield's goal, where the huskies from the gold camp took their first brace against the lighter scrappy Tonopah team and forced Tonopah to place kick. The goal was missed by not more than four inches; in fact, many spectators and some of the officials claiming a field goal had been made. Goldfield elected to put the ball in play by scrimmage, and after trying ineffectually to make their yards through Tonopah's line, were forced to kick. Tonopah worked the ball

back from the kick to 16 yards from Goldfield's line, when a fumbled pass resulted in their loss of the ball.

Goldfield gained on a quarterback run, was then forced to punt and Tonopah started another march toward the orange and black line. Playing line plunges and an occasional forward pass, the ball was carried 46 yards to within 26 yards of Goldfield's goal, where another place kick was tried and missed by the narrowest margin. Half time was called with the score Tonopah 0, Goldfield 0. Goldfield having failed to gain through the line, and being forced to kick on nearly every try for their yards.

The second half started with Goldfield opening up their play after trying a couple of line bucks and then losing the ball on attempted forward passes. Tonopah kept steadily gaining ground and was making as she had all through the game, when occurred one of those lucky plays which turn the tide of many games. An intercepted forward pass, which was carried by Goodrich of Goldfield, was taken over for a touchdown and the damage was done.

The last score came in a way which would have made many an old-timer sit up and take notice. The ball was lost on Tonopah's 32-yard line on a fumble. Goldfield got the fumble and by a clever quarterback run and a successful forward pass carried it to within 4 yards of Tonopah's goal line, the only time they made a consistent gain. Here, with first down and 4 yards to go, Goldfield tried to buck the line and met with a defense which made every one proud of the red and white. After four ineffectual tries to put the ball over, one of Goldfield's backs batted it across the line and a Tonopah man fell on it. It was promptly called a safety by the referee, who showed a wholesome disregard for the rule prohibiting batting toward an opponent's goal line.

As a whole, the game was a good one to watch and Tonopah made over two and one-half times the yards that Goldfield did, played a better defensive game, but lost, not to a better, but luckier, team. The boys who played the best game for Goldfield were O'Brien, quarter; J. Morrison, end, and Goodrich, full, while for Tonopah, John Harrington, Lutz, Farrell, Cuddy and Pat Abbot showed up well.

The officials for the game were: Referee—Prof. Foley, Goldfield; Umpire—Friedell, Tonopah; Timers—Supt. Clayton, Supt. Smith; Linesmen—Townsend, Burke, Milks.

CARL LOSES PET MOUSE BY TRAP SET FOR ANOTHER

A. W. Carl possessed a rather unique pet in the form of a mouse. Something more than a year ago Mr. Carl, who is conductor of the Tonopah band, was playing "cello" at his St. Patrick street bungalow, where the little rodent made its appearance. At first timid, and for a few days scared, the little fellow gradually became bold, and with the first notes of Professor Carl's daily rehearsal, would approach from some corner and listen with much attention and apparent devotion.

Finally Mr. Carl invited Mr. Mouse to a cheese repast and it has since been a steady boarder.

Later—the funeral of the mouse will be held tomorrow. It was accidentally strangled to death in a trap set for a thieving, sinful brother, erst mortuary. Hence the funeral.

TEMPERATURE REPORT.

Highest temperature yesterday, 65 degrees; a year ago, 62. Lowest temperature last night, 48 degrees; a year ago, 29.

LEASE OF MILL AT MANHATTAN IN NEW HANDS

TONOPAH MEN TAKE THE BRADY PROPERTY NEXT SAT. URDAY.

Muslett & Wittenberg have secured the lease of the ten-stamp mill and sampler of the Manhattan Milling and Ore company and the Brady lease on the Manhattan Dexter. The lease becomes effective next Saturday night, when the properties involved will be transferred to the new lessees and S. H. Brady and associates will retire from the Manhattan field.

J. S. Whildon of Philadelphia, a wealthy wool buyer, who has been here for the last three months engineering the affairs of the Dexter, was the principal backer of the Brady company. R. H. Jones, representative of the Brady company at Manhattan, will return to his former position with the West End.

C. F. Wittenberg and L. L. Muslett, who will head the new organization, have handled the Big Pine, on which they have a four years' lease.

Although the exact tonnage available in the Big Pine claim for immediate milling cannot at this time be figured, the operations in this property have already served to prove the extent of the ore body, and the latest work from the 200-foot level has also proven that from this level the ore body will break to a grade at least half as much again as from the upper levels. Conservative estimates place the grade of ore already exposed in the Big Pine at \$9 per ton. Of this grade of ore the 200-foot level has shown at least forty feet by seventy, and the probabilities are that further development will add greatly to the size of this shoot.

The plans of the management are to mine the ore body by mill hole work from the surface to the 200-foot level.

MOTION TO DISSOLVE ROUND MOUNTAIN CASE

In the district court this morning Judge Averill took up the application of the Round Mountain Mining company to dissolve the injunction issued in favor of the Round Mountain-Sphinx Mining company restraining the former from operating in certain territory.

RITCHIE AND CROSS.

(By Associated Press.) NEW YORK, Nov. 10.—Willie Ritchie and Leach Cross box ten rounds here tonight.

EMBARGO MAY BE RAISED

SENATORS ADVISE THE PRESIDENT TO LET BOTH SIDES GO TO IT AT ONCE.

(By Associated Press.)

WASHINGTON, Nov. 10.—President Wilson cleared the atmosphere today of many reports of the intention of the United States in the Mexican situation. He made clear that there was no intention at present of addressing congress, because the situation is not in shape for him to say anything, and while representations have been made to Huerta, no reply has been received. He said no time limit was set for a reply from Huerta.

The president is not ready to discuss recognition of the constitution. The text of the statement Huerta gave the diplomatic corps Saturday night reached here today. Bryan would not comment, further than to say the Mexico City dispatches lacked accuracy. However, he emphasized that, while the election of the president and vice president be declared null and void, Huerta intends to consider the election of congress valid. The Washington government regards this a condition which foreign nations will not recognize. The impression prevailed that repudiation of the acts of the new congress is forthcoming by the United States.

It was learned late today that the president is giving serious consideration to raising the embargo on the shipment of arms into Mexico. Many senators have advised him to do so.

MEXICO CITY, Nov. 10.—Huerta's declaration indicating that he will retain office until the new year is praised today by the Mexican press.

LONDON, Nov. 10.—Ambassador Page presented to the foreign office today another message from President Wilson to the general effect that under no circumstances will he recognize Huerta or any of his acts.

CHARITY BALL OF THE ELKS DECEMBER 11

PUT THIS DATE ON YOUR BOOK AND HELP THE CHRIST. MAS POOR.

The annual charity ball of the Elks will occur on Thursday evening, December 11, at Miners' Exchange hall. This choice has been made owing to the inadequate accommodations of the regular clubrooms, as it is an event that always taxes the standing room of the largest hall in camp.

This event differs from the annual reception of the order, as it is given for the purpose of raising funds to be distributed in charitable channels as demands arise, and every dollar taken in outside the actual expenses for hall rent and music will be devoted to that purpose. There will be no lavish decoration or other means of detracting from the measure of financial success, but as a social affair it will rank as one of the social events of the winter season. With an understanding of the worthy object there will be no doubt of the support to be extended and the committee gives the assurance that the comfort of all will receive the closest attention.

The committee consists of Elbert O'Connell, Joe Gori, Fred Penn, Fay Davis and James Nesbitt.

HAYWOOD RELEASED BY SUPREME COURT

(By Associated Press.)

TRENTON, N. J., Nov. 10.—The New Jersey supreme court set aside today the conviction of William Haywood, convicted of being a disorderly person in connection with the strike of Paterson silk workers.

PITTSBURG HAS A FOOT SNOW CHICAGO SERIOUSLY DAMAGED

DISTURB DANCE IN HIGH SCHOOL AND CALLED DOWN

DRUNKEN HOODLUMS BREAK INTO HALL AND ARE EJECTED.

For disturbing the peace at the new high school and interrupting the dance given in honor of the visiting football team from Goldfield, the Newell brothers, one of whom is a cripple, were arrested and will have a hearing this afternoon before Justice Dunsmuir. In this connection a charge will be laid against a saloon-keeper who sold the liquor, and who is accused of making a regular practice of selling liquor to minors. This latter phase of the case will be decided by the county commissioners, who have power to revoke the license and to prevent its reissuance to any other person for the same place.

The Newells forced their way into the high school building and conducted themselves in a most offensive manner by writing on the blackboards and insulting pupils whom they met in the corridors. The boy on the door could not leave his post, but he sent word to Superintendent Smith, although the message was not delivered. When Superintendent Smith was finally notified he took the situation in hand by ejecting the worst of the intruders, who proved to be a cripple, whom Mr. Smith could not treat as he felt he should be treated. The cripple struck Mr. Smith in the face several times, but the principal held his temper manfully, despite this provocation, and landed the brute outside the doors, when he was turned over to Chief of Police Evans. Two charges were preferred, one for assault and the other for disturbing the peace.

District Attorney Sanders swore out a warrant this morning.

One of the Newells is the fellow who laid down at Goldfield when it came to meeting in the ring in a square fight. He was so scared that he shook like a leaf and his knees knocked together when the gong called him to put up his dukes. On Saturday night he took advantage of the fact that Jimmy McLaughlin, the assayer, was aiding other in preserving the peace, to sneak up through the crowd and deal an ugly blow in the face.

FORTY NEW NAMES FOR THE WOODMEN

FORTY APPLICATIONS FOR MEMBERSHIP IN THE LOCAL CAMP.

The Woodmen of the World met last Saturday evening. District Manager Morford, who has been in Tonopah for the last two weeks, reported that he had secured about forty applications for membership in the local camp. The charter of the Tonopah camp has been reopened and the organizer is taking applications for an initiation fee of \$5, including medical examiner's fee.

Neighbor Morford expects to finish his labors in Tonopah in about two weeks. On the evening of November 21 a meeting of the camp will be held and the big class secured by the organizer will be initiated. On that evening, also the officers of the reorganized camp will be elected. At a later date it is proposed to hold a joint installation ceremony with the Women of Woodcraft.

From Duluth to New York the Storm Rages With Intense Severity and Several Interior Cities Cut Off From the World by Obstructions.

(By Associated Press.)

BUFFALO, N. Y., Nov. 10.—The blizzard the gripped the middle west for twenty-four hours arrived here this morning, with the wind blowing seventy miles an hour and clouds of snow and sleet. Trains are several hours late and shipping is believed to be safe at anchor.

STORM ON LAKE SUPERIOR. DULUTH, Minn., Nov. 10.—Vessels are arriving ten to fifteen hours late, owing to a storm upon Lake Superior.

TWO MEN DROWNED. CHICAGO, Nov. 10.—Telegraph service in certain sections of the country is demoralized by yesterday's storm. Damage to the telegraph and telephone companies is estimated at several hundred thousand dollars.

The storm was most serious in Ohio and Pennsylvania. Damage from surf on the lake shore is estimated at hundreds of thousands of dollars. Two men were blown into the Chicago river and drowned. The gale registered fifty miles an hour.

FLOUNDERING IN SNOW. PITTSBURGH, Pa., Nov. 10.—This city is still in the grip of a blizzard that has been raging twenty-four hours, leaving the people floundering in a foot of snow. Wire communication with the outside world is virtually cut off. Transportation is demoralized.

ALL TRAINS LATE. NEW YORK, Nov. 10.—Trains from the west are one to seven hours late reaching here today, owing to the storm.

ELY ELKS WILL COME TO TONOPAH FOR INITIATION IN THE ORDER

Ely Elks are coming to Tonopah in droves about December 9, when it is expected that thirty new names will be enrolled in a class organized in the copper camp. This is the report coming from Elbert O'Connell and D. J. Fitzgerald of Tonopah lodge, who returned yesterday from the eastern country, after a triumphal tour.

Under the ruling of the grand lodge held at Rochester, N. Y., this year, it is impossible to issue charters in cities or towns with a less population than 10,000, but it is permissible for small towns to organize clubs composed of Elks and thus pave the way for a growth that may lead to the granting of a charter. Last year several Elks from Ely went to Salt Lake to seek enrollment under the broad banner of the B. P. O. E., and more recently a delegation of Elks from Ogden visited Ely and secured signatures of twenty-two applicants, who signified their willingness to go to Weber county to be initiated. As Ely is in the jurisdiction of Nevada, and Tonopah has the nearest lodge to Ely, this camp is entitled to the membership.

When the circumstances were presented to the Ely candidates seventeen of the twenty-two members who wanted to go to Ogden withdrew their applications and signed the Tonopah application. Then the committee got busy and succeeded in interesting eleven new men, making a class of twenty-eight that will be seen in Tonopah about the middle of next month. It is probable that half a hundred guests from the copper camp will be entertained on that occasion and Tonopah lodge will prepare to give them a warm time.

When the representatives of the Ogden lodge were at Ely it was the general understanding that a special dispensation had been granted by the grand exalted ruler of the order by which the applicants would be permitted to join a lodge outside the jurisdiction where they live. It now turns out the request for the dispensation was not made until about a month ago, after the date of the membership applications, and the grand exalted ruler immediately referred the matter to the Tonopah lodge for action. More than a year ago Sheriff Malley and the late

Puddy Grimes visited Ely to receive applications, but the strike coming in October rendered their efforts futile.

At the recent meeting Mr. Fitzgerald explained that, in order to equalize the cost of persons coming to Tonopah to join, with what it would cost to go to Ogden, the Tonopah lodge would furnish transportation by auto and provide hotel accommodations for the applicants coming from Ely to become members of Tonopah lodge, as the initiation of the Ogden lodge is \$50 and Tonopah \$75. Mr. O'Connell also made similar statements to the meeting, and said the rule would apply at all times when a bunch of candidates want to make a trip for the purpose of becoming members.

The trip from Ely, a distance of 195 miles, was covered in nine hours. The road from Willow Creek is like a skating rink.

AFFINITY FLAT WARFARE MAY BE INITIATED

COUPLES MUST PRODUCE MARRIAGE CERTIFICATE BEFORE BEING GIVEN ROOMS.

(By Associated Press.)

MINNEAPOLIS, Nov. 10.—A law compelling janitors to keep a room on the first floor to file marriage certificates of each couple living in the building was suggested as a means of eliminating the evils of the "affinity flat," in an address today by J. Frank Chase, secretary of the New England Watch and Wash society of Boston, before the international purity congress. He also suggested "tripartite saloons" to combat immorality, one part for men, one for women and one for couples.

If you bought nothing but advertised goods during the next twelve months, you'd reduce the cost and raise the standard of living—surprisingly!
